

# Abdeladim BOUITA

## Software Engineer

☎ + (971) 50 736 4363    ✉ Abdeladim91@gmail.com    in Abdeladim Bouita    📁 Portfolio

Full-Stack Software Engineer with a strong foundation in designing, developing, and maintaining scalable and secure applications. Skilled in front-end, back-end development, database design, and API integration. Experienced in supporting IT systems and collaborating in agile teams. Brings added value through expertise in information systems security, ensuring robust software solutions.

## ★ SKILLS

Programming Languages	JavaScript, PHP, Java, Python (basic).
Frontend Development	React.js, HTML5, CSS3, Tailwind CSS, Bootstrap, WordPress.
Backend Development	Node.js, Spring Boot, Laravel.
Databases	MySQL, MongoDB.
Tools & Cloud	Git, GitHub Actions CI/CD, Docker (basic), AWS EC2/S3 (beginner).
Web Services & APIs	REST APIs, JSON, API integration, JWT authentication.
Operating systems	Ubuntu Linux, Kali Linux, Windows Server (AD, DNS, DHCP).
Security	Secure coding practices, IDS/IPS, cryptography basics, ISO 27001 fundamentals.
Network	Advanced Network Configuration (IPv4, IPv6, Routing - OSPF, Subnetting), DNS & DHCP Services (Configuration, Troubleshooting), Network Security (Firewalls, VPNs), Troubleshooting

## 📁 EXPERIENCES

Present Oct 2024	<b>Web Developer (Remote Position), 9YARDS MEDIA AND MARKETING, Abu Dhabi</b> <ul style="list-style-type: none"><li>&gt; Design, develop, and maintain responsive websites and landing pages to meet client objectives.</li><li>&gt; Collaborate with the design and marketing teams to implement creative digital solutions and optimize user experience.</li><li>&gt; Manage website performance, troubleshoot issues, and ensure cross-browser and mobile compatibility.</li><li>&gt; Develop and integrate front-end and back-end functionalities using modern web technologies.</li><li>&gt; Optimize websites for SEO and loading speed to enhance online visibility and user engagement.</li><li>&gt; Maintain and update website content, plugins, and security features to ensure smooth functionality.</li><li>&gt; Projects worked on :<ul style="list-style-type: none"><li>&gt; main 9yards website Link : <a href="#">🔗 9Yards</a></li><li>&gt; Women sports award (gov website) Link : <a href="#">🔗 Women Sports</a></li><li>&gt; nirvana holding Link : <a href="#">🔗 Nirvana-holding</a></li><li>&gt; Gewan holding website Link : <a href="#">🔗 Gewan-holding</a></li></ul></li></ul> <div>Laravel   Wordpress   PHP</div>
Oct 2024 Jan 2023	<b>IT Support Engineer, SOFRECOM, RABAT</b> <ul style="list-style-type: none"><li>&gt; Provided technical support and troubleshooting for hardware, software, and network issues.</li><li>&gt; Assisted development teams with environment setup, software deployment &amp; database connectivity.</li><li>&gt; Supported and managed Citrix virtual environments, ensuring smooth remote access.</li><li>&gt; Monitored systems, optimized performance, and ensured secure, compliant operations.</li><li>&gt; Improve workflows and documentation to support efficient software delivery.</li></ul>
Dec 2022 Aug 2022	<b>IT Support Engineer Intern, SOFRECOM, RABAT</b> <ul style="list-style-type: none"><li>&gt; Assisted in troubleshooting hardware, software, and network issues.</li><li>&gt; Supported development teams with environment setup and software deployment.</li><li>&gt; Participated in UI/UX enhancements for existing applications.</li></ul>

- Jul 2022 | **Dynamic Website Development, DevPANI, Rabat**
- Feb 2022
  - > Developed a dynamic website using Laravel with full database integration.
  - > Implemented secure authentication, CRUD functionality, and responsive user interfaces.
  - > Optimized performance and ensured cross-browser compatibility.
  - > Collaborated on application architecture and followed best coding practices.

## EDUCATION

- 2020-2022 **Master — Information Systems Security, ENSA Kenitra, Ibn Tofail University.**
- 2019-2020 **Bachelor — Information and Communication Systems Development, Meknes, Moulay Ismail University.**
- 2017-2019 **University Diploma of Technology — Software Engineering, Meknes, Moulay Ismail University.**

## PROJECTS

- Jun 2025 | **Portfolio, KENITRA,**
  - > Designed and deployed a personal portfolio hosting multiple responsive web projects.
  - > Integrated modern front-end technologies for interactivity and animation.
  - > Live :  [Portfolio](#)

Tailwind
JavaScript
GSAP
PHP
- Nov 2022 | **Secure Authentication in Vehicular Ad-hoc Networks (VANET), ENSA, kenitra**
  - > Proposed and developed a proof-of-concept for secure communication between vehicles.
  - > Implemented encryption and digital signatures to enhance data integrity and confidentiality.
  - > Conducted research and experimentation to validate secure protocols in VANET environments.

Python
C++
XML
- Jul 2020 | **E-learning Platform, ESTM, Meknes**
- Feb 2020
  - > Developed a WordPress-based online learning platform with custom PHP modules.
  - > Integrated course management, quizzes, and role-based access.

PHP
WordPress
MySQL
